Foley Joins Call to Open J.F.K. Files

The most powerful member of the House of Representatives added his voice to the drive to unseal the files on the assassination of President John F. Kennedy. House Speaker Thomas S. Foley (D-Wash.) joined colleagues urging legislation to unseal House files, seeking answers to questions about the 1963 assassination. The files of the House Select Committee on Assassinations were to have remained sealed until 2029.
